Enquiries Trend

This graph represents the number of credits reports carried out on this company on a month by month basis. Caution should be exercised where a trend is showing significantly increased activity during the last 1-3 months, as this is a potential indicator that the company seeking credit may be changing suppliers to obtain credit from different sources due to cashflow difficulties.

ROSI Data

ROSI – The Register of Outstanding Invoices, is a database of unpaid invoices that have been reported to us by our members. ROSI is a valuable tool for businesses to check the payment history of potential customers and suppliers.

Rosi Entries	Settled Entries	Outstanding Entries	Overdue Invoice Balance
12	3	9	£89,400

Key ROSI Data

Outstanding Entries: This is the number of unpaid invoices that have been reported to us by our members. Any outstanding should be treated with caution as it may indicate a potential cashflow issue.

Settled Entries: The number of invoices that have been reported to us by our members that have been paid outside of the agreed terms.

Overdue Invoice Balance: The total value of all outstanding invoices that have been reported to us by our members.
